CIRCULAR

Subject: Revised guidelines for Branch-Change of B.Tech. students

The Senate in its 40th Meeting held on 6-7th March 2025 approved revised guidelines for Branch-Change of B.Tech. students.

The revised guidelines for the branch change criteria as given below.

E1: The student must have completed all prescribed course credits for the previous semesters (including the non-graded courses).
E2: The student has no backlog.
E3: No disciplinary Action has been imposed on the student.

After Sem	Branch Enrolled	Branch Applied	CGPA	Eligibility	Lower Limit	Upper Limit
II	Any	Any	CGPA ≥ 8.5 Others CGPA ≥ 7.5 (For SC, ST, PWD)	E1 E2 E3	90% of current Strength	110% of Sanctioned Strength
II	Any	ES	CGPA ≥ 8 Others CGPA ≥ 7 (For SC, ST, PWD)	E1 E2 E3	90% of current Strength	30

The Upper and Lower Limits were decided after carefully considering the need for competitiveness and maintaining fairly equitable student strength in different branches. It was further recommended that no option of branch change be allowed post second year. Accordingly, the branch change option available to Engineering Science Students post their second year is discontinued.

The revised norms for the branch change will be applicable to UG students admitted from academic year 2025-26 onwards
